EPIC STRATEGIC GOALS WORKSHOP

IMPROVING RESILIENCY THROUGH RD&D AND UTILITY PLANNING

J.D. Saucedo
Emergency Manager
Santa Barbara County Office of Emergency Management

IMPROVING RESILIENCY

- Comprehensive resiliency requires multiple programs and tangible outcomes.
 - One person's resiliency solution might not be another's.
- Enhance resiliency of communications systems.
- Invest in the communities you serve.
- Revise the strategy of how utility programs that support resiliency are marketed.
- Remove or reduce barriers that make programs too challenging or exclusive to access.
